NOTICE OF HEARING
Gram Vikas Partners, Inc.
SOAH Docket No. 582-23-13639
TCEQ Docket No. 2022-1155-MWD
Permit No. WQ0015990001

APPLICATION.

Gram Vikas Partners, Inc., 215 West Bandera Road, #114-474, Boerne, Texas 78006, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015990001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 200,000 gallons per day.

The facility will be located approximately 0.3 mile south-southeast of the intersection of Farm-to-Market Road 1101 and Watson Lane, in Comal County, Texas 78130. The treated effluent will be discharged to Mesquite Creek, thence to York Creek, thence to the Lower San Marcos River in Segment No. 1808 of the Guadalupe River Basin. The unclassified receiving water uses are limited aquatic life use for Mesquite Creek and York Creek. The designated uses for Segment No. 1808 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code Section 307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional, high, or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with exceptional, high, or intermediate aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The

permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at New Braunfels Public Library, 700 East Common Street, New Braunfels, in Comal County, Texas and Seguin Public Library, 313 West Nolte Street, Seguin, in Guadalupe County, Texas.
