

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

SECOND NOTICE OF HEARING
Aqua Utilities, Inc.
SOAH Docket No. 582-24-00960
TCEQ Docket No. 2023-0384-IWD
TPDES Permit No. WQ0005206000

APPLICATION.

Aqua Utilities, Inc., 1106 Clayton Lane, Suite 400W, Austin, Texas 78723, which operates Country View Estates Potable Water Treatment Plant (WTP), a reverse osmosis WTP, has applied to the Texas Commission on Environmental Quality (TCEQ) for a new permit, Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0005206000, to authorize the discharge of water treatment wastes at a daily average flow not to exceed 55,000 gallons per day via Outfall 001.

The facility is located on Country Scene Road, approximately 2 miles north of Park Road 37 and 2.5 miles north of State Highway 16, northeast of the City of Helotes, Medina County, Texas 78023. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The effluent is discharged to an unnamed tributary of San Geronimo Creek, thence to San Geronimo Creek, thence to Medina River Below Medina Diversion Lake in Segment No. 1903 of the San Antonio River Basin. The unclassified receiving water uses are minimal aquatic life use for the unnamed tributary of Geronimo Creek (upstream of Indian Mound Springs) and limited aquatic life use for the unnamed tributary of Geronimo Creek (downstream of Indian Mound Springs). The designated uses for Segment No. 1903 are primary contact recreation, public water supply, aquifer protection, and high aquatic life use.

In accordance with Title 30 Texas Administrative Code Section 307.5 and TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with intermediate, high, or exceptional aquatic life use are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with intermediate, high, or exceptional aquatic life uses downstream, and existing uses will be maintained and

protected. The preliminary determination can be reexamined and may be modified if new information is received.

The TCEQ executive director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, executive director's preliminary decision, and draft permit are available for viewing and copying at the Hondo Public Library, 1011 19th Street, Hondo, Texas.

CONTESTED CASE HEARING.

The State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on May 2, 2023. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any

person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, “Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at www.soah.texas.gov, or in printed format upon request to SOAH.”
