APPLICATION.

PC-II, LLC has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The proposed facility is located in San Jacinto County and does not have street address. Its physical location is approximately seven miles northwest of the intersection of US 59 and SH 105. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020. The application was revised on August 31, 2023 and February 23, 2024, to relocate the private access road that connects the proposed facility to the public road, and to reduce the proposed site acreage. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Public Library, 30 North Liberty Street, Shepherd, Texas 77371.
