NOTICE OF HEARING
Rainbow's End Park, Inc.
SOAH Docket No. 582-25-24687
TCEQ Docket No. 2025-0698-MWD
TPDES Permit No. WQ0016513001

APPLICATION.

Rainbow's End Park, Inc., 100 Rainbow Drive, Livingston, Texas 77351, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016513001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 60,000 gallons per day.

The facility will be located at approximately 0.33 miles southwest of the intersection of Care Center Drive and Highway 146, in the City of Livingston, Polk County, Texas 77351. The treated effluent will be discharged to a roadside ditch, thence to an unnamed tributary, thence to Copeland Creek, thence to Trinity River Below Lake Livingston in Segment No. 0802 of the Trinity River Basin. The unclassified receiving water uses are minimal aquatic life for the Roadside ditch, the unnamed tributary and Copeland Creek. The designated uses for Segment No. 0802 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code §307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional, high, or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with exceptional, high, or intermediate aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The

permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Livingston Municipal Library, Front Desk, 707 North Tyler Avenue, Livingston, Texas.
