Verification of Continuous Emissions Monitoring Systems (CEMS) or Predictive Emissions Monitoring Systems (PEMS) Data Used for Mass Emissions Cap and Trade (MECT) Program Compliance

Check the boxes to certify that each statement below is true.

| | |
|---|--------------------------|
| For this control period, each CEMS or PEMS used to determine MECT emissions for the site is in compliance with the certification and quality assurance requirements in 30 Texas Administrative Code (TAC) §117.8100 or §117.8110 , as applicable. When applicable, appropriate substitute emission compliance data was used for all periods when the nitrogen oxides (NO _x) monitor was off-line. | <input type="checkbox"/> |
| Information is provided in attached Table 1 for each CEMS or PEMS with downtime that exceeded 5% of the total annual operating hours of the unit during this control period. Additional information is attached to this form to explain the excessive downtime and validate the reported emissions for each CEMS or PEMS that exceeded 5% downtime. | <input type="checkbox"/> |

Overview

This document must be used to verify the CEMS and PEMS data used for MECT Program compliance. This form must be submitted as supporting documentation for each unit for which CEMS or PEMS data is used to determine the annual emissions reported for the MECT Program. A single form may contain information on multiple units. This form should be submitted annually.

This document should be included with your MECT annual compliance report submission.

Under [Texas Government Code 559.003\(b\)](#), individuals are entitled to receive and review any information we collect by means of a form that they complete and file with the TCEQ in a paper or electronic format on the TCEQ website.

If you have questions on how to fill out this form or about the Mass Emissions Cap and Trade Program, please contact us at 512-239-1250.

Regulated Entity Reference Number (RN): Enter the TCEQ-assigned RN (RNXXXXXXXXXX). If you do not have a RN, leave this space blank.

MECT Control Period: Enter the control period for which you are certifying the CEMS/PEMS information.

Verification of CEMS or PEMS Data Used for MECT Program Compliance

Check the first box to certify if for this control period:

- each CEMS or PEMS used to determine MECT emissions for the site complies with the applicable certification and quality assurance requirements in [30 TAC Chapter 117](#); and
- when applicable, appropriate substitute emission compliance data was used for any periods when the NO_x monitor was off-line.

Note that if valid CEMS/PEMS data is available, it must be used to determine emissions.

Check the second box to certify that information is provided in the attached [Table 1](#) for each CEMS/PEMS with downtime that exceeded 5% of the total annual operating hours of the unit during this control period. If you check this box, you must also submit additional information to explain the excessive downtime and validate the reported emissions for each CEMS/PEMS that exceeded 5% downtime.
