# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

*Protecting Texas by Reducing and Preventing Pollution*

## NOTICE OF PUBLIC HEARING ON PROPOSED REVISIONS TO 30 TEXAS ADMINISTRATIVE CODE CHAPTERS 115 AND 117 AND TO THE STATE IMPLEMENTATION PLAN FOR BEXAR COUNTY

The Texas Commission on Environmental Quality (commission) will offer a public hearing to receive testimony regarding proposed state implementation plan (SIP) revisions resulting from reclassification of Bexar County from moderate to serious nonattainment for the 2015 eight-hour ozone National Ambient Air Quality Standard (NAAQS). The hearing will also be offered to receive testimony regarding proposed air quality rules applicable to Bexar County. These proposals are made under the requirements of Texas Health and Safety Code, §382.017; Texas Government Code, Chapter 2001, Subchapter B; and 40 Code of Federal Regulations §51.102 of the U.S. Environmental Protection Agency (EPA) concerning SIPs.

The proposed revisions to the SIP include an attainment demonstration (AD) that includes a photochemical modeling analysis and a weight-of-evidence assessment that meets EPA modeling guidance (**Project No. 2024-041-SIP-NR**) and a demonstration that includes an analysis of reasonable further progress (RFP) towards attainment (**Project No. 2024-040-SIP-NR**). The RFP SIP revision provides a vehicle miles traveled demonstration and includes motor vehicle emissions budgets (MVEB) for the 2023 analysis (milestone) year and both the RFP and AD SIP revisions include MVEBs for the 2026 attainment year. The concurrently proposed rulemakings concern amendments to 30 Texas Administrative Code (TAC) Chapter 115, to address reasonably available control technology (RACT) requirements for major sources of volatile organic compounds (VOC) under a serious classification and RFP requirements for the 2015 ozone NAAQS (**Project No. 2025-006-115-AI**) and Chapter 117, to address RACT requirements for major sources of nitrogen oxides (NO<sub>x</sub>) under a serious classification (**Project No. 2025-007-117-AI**).

The commission will offer a public hearing on these proposals in San Antonio on August 19, 2025, at 7:00 p.m. Central Daylight Time (CDT) in the Alamo Area Council of Governments board room, located at 2700 Northeast Loop 410, Suite 101. The hearing is structured for the receipt of oral or written comments by interested persons. Individuals may present oral statements when called upon in order of registration. Open discussion will not be permitted during the hearing; however, commission staff members will be available to discuss the proposal 30 minutes prior to the hearing.

The hearing will be conducted in English, and instructions for participating in the hearing will also be provided in Spanish. Persons who have special communication or other accommodation needs who are planning to attend the hearing should contact Sandy Wong, General Law Division at (512) 239-1802 or 1-800-RELAY-TX (TDD). Requests should be made as far in advance as possible.

Written comments may be submitted to Emily Wagoner, MC 206, Office of Air, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, Texas 78711-3087, or faxed to either (512) 239-4804 or [fax4808@tceq.texas.gov](mailto:fax4808@tceq.texas.gov). Electronic comments may be submitted via the *Public Comment* system at: <https://tceq.commentinput.com/>. File size restrictions may apply.
