

Supplemental Form 3 – Property Ownership Certification

Rebate Grants Program

Texas Commission on Environmental Quality (TCEQ)
Texas Emissions Reduction Plan (TERP)
Solicitation No. 582-26-85004-RG

This form must be submitted by Rebate applicants who are requesting funding for refueling infrastructure but who are not the property owner of the site where the refueling infrastructure will be installed. Applicants must establish permission to install and operate the grant-funded refueling equipment at the site during the contract period.

Applicant Information

Applicant Legal Name	
Fuel Type	
Brief Description of the Infrastructure Project	

Property Ownership

The information below must be completed by the property owner.

Property Owner	
Authorized Official of Property Owner	
Title	
Phone Number	
Email Address	
Mailing Address (Street or PO Box)	
City, State, and Zip Code	

Property and Project Location

Please list the location of the proposed refueling infrastructure project.

Physical Address	
City, State, and Zip Code	
County	

Property Owner Consent

I, the undersigned owner or owner representative of the real property located at the address identified in the refueling infrastructure project location above, consent to the installation of the refueling infrastructure on this property. I understand and agree that the applicant is obligated, unless otherwise approved by TCEQ, to keep the refueling infrastructure in operation and in service for a minimum of five years after installation.

Property Owner Signature	
Signature Date
