¹ Does not include projects funded and subsequently canceled.

² The total grant amount includes \$12,425,362 in federal American Recovery and Reinvestment Act funding awarded in 2010, resulting in 1,322 tons of NO_x reduced.

³ Totals have been rounded to the nearest whole number.

⁴ The average cost per ton of NO_x reduced equals the total grant amount divided by the total NO_x reduced. The average cost per ton of NO_x reduced was calculated using raw numbers and then rounded to the nearest whole number.
