Supplemental Form 1 – Ownership Waiver and Registration Exception Request

Seaport and Rail Yard Areas Emissions Reduction Program (SPRY)

Texas Commission on Environmental Quality (TCEQ)
Texas Emissions Reduction Plan (TERP)
Solicitation No. 582-26-85920-DT

As specified in the SPRY Guidelines, TCEQ may consider exceptions to the ownership and registration requirements for certain scenarios. An applicant may request exceptions by completing this form, and by uploading it and any required supporting documentation with their application in SUNSS. TCEQ may consider:

- Waiving the two-year ownership or lease requirement (**Ownership Waiver**), where the ownership of the company has changed, the assets of the company have been purchased by another company, or the company has changed its name or incorporation status.
- Providing an exception to the two-year registration requirement (**Registration Exception**) if the vocational type of an on-road drayage truck is exempt from inspection and registration requirements, such as an on-road vehicle used as a non-road yard truck.

Applicants requesting an ownership waiver must complete Part A of this form. Applicants requesting a registration exception must complete Part B of this form. Applicants seeking both an ownership waiver and a registration exception for a single activity must complete Part A and Part B.

Complete a separate Supplemental Form for each activity requesting a waiver, exception, or both.
