

Original Equipment Manufacturer (OEM) Information Request Form for Chassis-Certified Natural Gas Vehicle Conversion Systems

Texas Natural Gas Vehicle Grant Program (TNGVGP)

Texas Emissions Reduction Plan (TERP) Texas Commission on Environmental Quality (TCEQ)

If you have questions on how to fill out this form, please contact us at 800-919-TERP (8377) or TERP@tceq.texas.gov.

TCEQ is using this form to request information from manufacturers of eligible natural gas vehicles and engines under the Texas Natural Gas Vehicle Grant Program (TNGVGP). TCEQ will use this information to compile a preapproved list of natural gas vehicles, engines, and conversion systems that are eligible for funding under the TNGVGP. This request is only for entities listed as the manufacturer on the U.S. Environmental Protection Agency (EPA) Certificate of Conformity issued to certify the emissions of the vehicle or engine.

Chassis-Certified Natural Gas Vehicle Conversion Systems: The only systems that should be listed on this form are systems for converting a chassis-certified vehicle, after initial manufacture as part of the original flow-through process before first sale of the new vehicle, to run on compressed natural gas (CNG), liquefied natural gas (LNG), or liquefied petroleum gas (LPG) with a model year of 2017 or newer that are certified to the current federal emission standards. Refer to the [TNGVGP OEM webpage](#) to view the information request forms for the other types of natural gas vehicles and engines that may qualify under this program.

Submission Period: Responses will be accepted for consideration by TCEQ on a continuous basis via email at TNGVGP-Apply@tceq.texas.gov or via mail at one of TCEQ's addresses listed below. Responses sent via email should include 'TNGVGP Info Request' in the subject line.

Regular Post Delivery

Texas Commission on Environmental Quality
Air Grants Division
TNGVGP, MC-204
P.O. Box 13087
Austin, Texas 78711-3087

Express Delivery

Texas Commission on Environmental Quality

Section 1: OEM Contact Information

1. OEM Company Information: Only the Original Equipment Manufacturer (OEM) of natural gas vehicles, engines, or conversion systems may submit this OEM Information Request Form to TCEQ. Please refer to the instructions (Form 20609-inst) for information on entity types.

Company/Entity Name: _____

2. Company Representative: Person that can answer questions about the information contained in these forms.

Representative's Name:	
Representative's Title:	
Address:	
City:	
State:	
Zip Code:	
E-Mail Address:	
Primary Phone Number:	
Secondary Phone Number:	

3. Type of Entity: Please check all that apply.

Manufacturer of new natural gas or liquefied petroleum gas vehicles:	<input type="checkbox"/>
Manufacturer of new natural gas or liquefied petroleum gas heavy-duty engines:	<input type="checkbox"/>
Manufacturer of conversion systems for chassis-certified vehicles:	<input type="checkbox"/>
Manufacturer of conversion systems for heavy-duty engines:	<input type="checkbox"/>

4. Certification of OEM Representative:

I certify that:

- a. The company listed is the manufacturer of the vehicles and engines listed in this form.
- b. The information supplied here is true and accurate to the best of my knowledge.
- c. The vehicles and engines listed herein meet the eligibility requirements as defined in Form 20609-inst; Texas Health and Safety Code, Section 394.003; and Title 40, Code of Federal Regulations, Section 85.510.
- d. I am duly authorized to submit this form to the TCEQ on behalf of the company listed on this form.

OEM Representative Signature:	
Date of Signature:	

Section 2: Chassis-Certified Vehicle Conversion System Information

This form should be used for systems that convert a Chassis-Certified vehicle after initial manufacture as part of a flow-through process to run on CNG, LNG, or LPG before first sale of the new vehicle. The converted vehicle must be certified by the Environmental Protection Agency (EPA) to the current federal emission standards. For more information about this form, refer to Form 20609-inst.

List up to 5 Chassis-Certified Vehicle Conversion Systems.

Description	Vehicle Conversion System	Vehicle Conversion System	Vehicle Conversion System	Vehicle Conversion System	Vehicle Conversion System
Conversion System Test Group/Family (refer to CARB* or EPA)					
Conversion System Make					
Conversion System Model					
Original Vehicle Test Group/Family (refer to CARB or EPA)					
Vehicle Make					
Vehicle Model					
Vehicle Description (i.e. Passenger Van; Delivery Truck)					
Vehicle Model Year					
Engine Make					
Engine Model					
Engine Model Year					
Engine Displacement in Liters					
Fuel Type(s) (CNG, LNG, LPG, CNG/Diesel, LNG/Diesel)					
Fuel System (Dedicated or Dual-Fuel; Bi-Fuel is <i>not</i> eligible)					
If Dual-Fuel, maximum % displacement of diesel fuel (must be at least 60%)					
Vehicle Classification (MDPV, or HD Class 2b or 3)					
Gross Vehicle Weight Rating (GVWR)					
Federal NO_x Emissions BIN in grams/mile (refer to CARB* or EPA)					

Description	Vehicle Conversion System	Vehicle Conversion System	Vehicle Conversion System	Vehicle Conversion System	Vehicle Conversion System
Is the system sold as an authorized flow-thru process with the purchase of a new vehicle?					
Is the system sold for repower or conversion of an existing vehicle after sale?					

* California Air Resources Board

Required Documentation

The following supporting documentation must be submitted with this form to be considered. Please mark the box that corresponds with the documentation type included with this form. Mark all that apply.

EPA Certificate of Conformity or CARB Executive Order for the Conversion System(s) listed on this form - <i>Required</i>	
EPA Certificate of Conformity for the Original Chassis-Certified vehicle(s) listed on this form - <i>if available</i>	
CARB Executive Order for the Original Chassis-Certified vehicle(s) listed on this form - <i>if available</i>
