TCEQ AUSTIN UPDATE

TCEQ's Small Business & Local Government Assistance (SBLGA) staff Shannon Herriott, Jennifer Amelang, Rebecca Costigan, and Laura Suffridge provided the SBAC with updates regarding the 2015 Legislative Session and other TCEQ program updates. Legislative updates covered HB 40, state budget, HB14 which will continue the TERP program until 2023, and HB2763 which will require TCEQ to conduct a recycling study. Also, the Tier 2 program will move from DSHS to TCEQ. Other updates included dates for upcoming workshops such as the Petroleum Storage Tank (PST) facilities workshops, Dam Safety, the Houston Police Department Environmental Seminar, Pollution Prevention, and the Advanced Air Permitting Seminar. The PST Compliance Notebook is now available online at TexasEnviroHelp.org. Many air authorizations including all permit by rules (PBRs) can now be submitted through the TCEQ's electronic reporting system STEERS. The SBLGA section is conducting outreach to promote the Outdoor Burning Brochure (GI-415). The TCEQ has also developed a video entitled "[TCEQ Helps](#)" which highlights the assistance provided by SBLGA to the regulated community. SBLGA's The Advocate publication has switched from a print publication to an exclusively [online publication](#).
