

### Texas Commission on Environmental Quality Technical Manager Qualification Form

Effective Date: 04/16/24

| Name:                              | Date:                          |                                 |
|------------------------------------|--------------------------------|---------------------------------|
| Position/Title:                    |                                |                                 |
| Laboratory Name:                   |                                |                                 |
| TCEQ Laboratory Certificate N      | lumber:                        |                                 |
| Technical manager qualifications a | are based on the following cat | egories ner The NFLAC Institute |

(TNI):

- education and experience;
- previous recognition; or
- exceptions.

### **Instructions:**

Most categories contain more than one option. Please review the options and criteria in each category on the following pages. **To qualify for technical manager recognition, the candidate must meet all criteria under one of the options within a category** (e.g., education and experience, previous recognition, or exceptions). <u>Additional experience cannot substitute the educational requirements as required per TNI.</u>

Information on all laboratory personnel and their qualifications (education and laboratory experience) must be on file in the laboratory and made available to the assessor(s) for review upon request. Submit the completed form for each designated technical manager candidate to Texas Commission on Environmental Quality (TCEQ).

Additionally, the applicant **must submit a resume and college transcripts** (official or unofficial copies are acceptable) to be evaluated. If the candidate wanting to be recognized as a Technical Manager obtained a college education abroad, then academic equivalency documentation must also be submitted to TCEQ.

### Important Note for Biochemistry:

Biochemistry courses completed in the biology department or chemistry department will count towards credit hours for Technical Manager recognition in all chemical or microbiological analysis options. However, once the credit hours are counted towards a particular recognition, they cannot then be used again for additional recognition. For example, if an applicant is requesting recognition for chemical analyses under option 1 and has a 4-hour biochemistry course taken in the biology department, these 4 hours can be used to meet the educational requirement. If this same applicant asks for recognition under several options, as in chemical analyses under option 1 and microbiological analyses under option 1, then this biochemistry class can only be used to meet the educational requirement for one of the options requested. Furthermore, if the same applicant used the biochemistry class to meet the educational requirement under chemical analyses with option 1 and later asks for recognition under a different option, the 4 hours in biochemistry cannot be used again to meet further educational requirements.

### **TCEQ Technical Manager Qualification Form**

Effective Date: 04/16/24

## Technical Manager Qualifications Based on Exceptions (2016 TNI Standard V1M2-5.2.6.2.a & b)

The exceptions apply only to a laboratory in a water treatment facility, a sewage treatment facility, or an industrial waste treatment facility. The facility's laboratory analyzes water treatment/sewage treatment/industrial treatment samples collected within the state where the laboratory is situated.

I request technical manager recognition based on the exceptions for professional certificate or type of laboratory, because I meet the following criteria:

| Option 1.  |
|--|
| $\square$ I am a full-time employee of a drinking water or sewage treatment facility.  |
| $\Box$ I hold a valid operator's certificate equivalent (i.e., Class C or higher) to the nature and size of the facility.  |
| License #:   |
| $\square$ Submit a copy of the current valid operator's certificate to TCEQ.   |
| ☐ I have two (2) years analytical testing experience devoted to the testing of environmental samples specified in the scope of the facility's regulatory permit. |
| Option 2:  |
| $\square$ I am a full-time employee of an industrial waste treatment facility.   |
| $\Box$ I hold a valid operator's certificate equivalent (i.e., Class C or higher) to the nature and size of the facility.  |
| License #:   |
| $\square$ Submit a copy of the current valid operator's certificate to TCEQ.   |
| ☐ I have two (2) years analytical testing experience devoted to testing of samples specified in the scope of the facility's regulatory permit.                   |

Effective Date: 04/16/24

Based on Exceptions/Previously Recognized (2016 TNI Standard V1M2-5.2.6.2.c)

I request technical manager recognition based on my experience, which meets the criteria of persons who do not meet the education credential requirements, but possess the requisite experience of Section 5.2.6.1, shall qualify as technical manager(s) subject to the following conditions.

| Option 1:   |   |
|---|---|
| □ I am currently the individual designated as being responsible for the testing areas indicated (choose at least one): □ Inorganic chemical analysis other than metals testing □ Organic chemical analysis □ Metal analysis □ Microbiology/W.E.T. □ Radiochemistry □ Asbestos   |   |
| ☐ I have held the position of technical manager of the laboratory <b>on the date the laboratory applied</b> for accreditation and/or became subject to accreditation under the standard.  |   |
| $\Box$ I have been a technical manager in the laboratory continuously for the previous twelve (12) months.  |   |
| $\Box$ Provide proof of position held when the laboratory applied for accreditation and/or became subject to accreditation under the standard.  |   |
| Option 2:   |   |
| $\Box$ Eligibility as technical manager was established under these conditions for the same fields of accreditation in another accredited laboratory.   | f |
| ☐ Provide the following information:  Previous laboratory name:  Previous technical manager designations held:  Provide dates of recognition:   |   |
| $\square$ Provide proof of previous recognition.  |   |
| Option 3:   |   |
| □ In my previous technical manager position, I received recognition status as technical manager from, a NELAP-recognized state accreditation body (AB), for the testing area(s) selected below:  □ Inorganic chemical analysis other than metals testing □ Organic chemical analysis □ Metal analysis □ Microbiology/W.E.T. □ Radiochemistry □ Asbestos |   |
| $\Box$ If previously recognized from outside the state of Texas, please provide a previous  |   |

recognition letter or approval notice from the Accrediting Body.

Effective Date: 04/16/24

### **LAPF-020 Revision History**

Revision 0. Effective date 01/31/20

Revision 1. Effective date 10/06/23

Updated the entire form to create fields for the applicants to provide information for evaluation purposes.

Revision 2. Effective date 04/16/24

Updated the following for further clarification and formatting:

Page 1 defines the Instruction paragraph and adds that additional experience cannot substitute educational requirements.

Pages 5 and 6 have a note explaining WET is for toxicity and/or bioaccumulation.

Pages 7 and 8 do not specify the number of microbiology hours required.

Page 12 the referenced standard was updated to include ii and iii.

Page 13 added the radiation measurement application

Page 14 includes submitting a copy of the current valid operator certificate for objective proof.

Page 15 option 1 to provide proof of position; option to update the formatting and provide proof; option 3 updated formatting.
