Dear Ms. Koehler:

We have completed our review of the Quality Assurance Project Plan (QAPP) for the TCEQ Public Water System Supervision Program Related to the Safe Drinking Water Act, submitted to EPA Region 6 on September 16, 2022.

The plan has been approved for three years from November 10, 2022 and therefore November 10, 2025. The new QTRAK number is 23-033. Please reference this number when submitting your annual certifications to EPA Region 6 in 2023 and 2024.

As a reminder, the updated version of this QAPP, should be submitted to your TX DWSRF Project Officer Javier Balli, at least 60 days prior to the November 10<sup>th</sup> expiration date. Your assistance in ensuring that we receive the QAPP prior to the expiration date is greatly appreciated.

Sincerely,

*Denise Hamilton*
