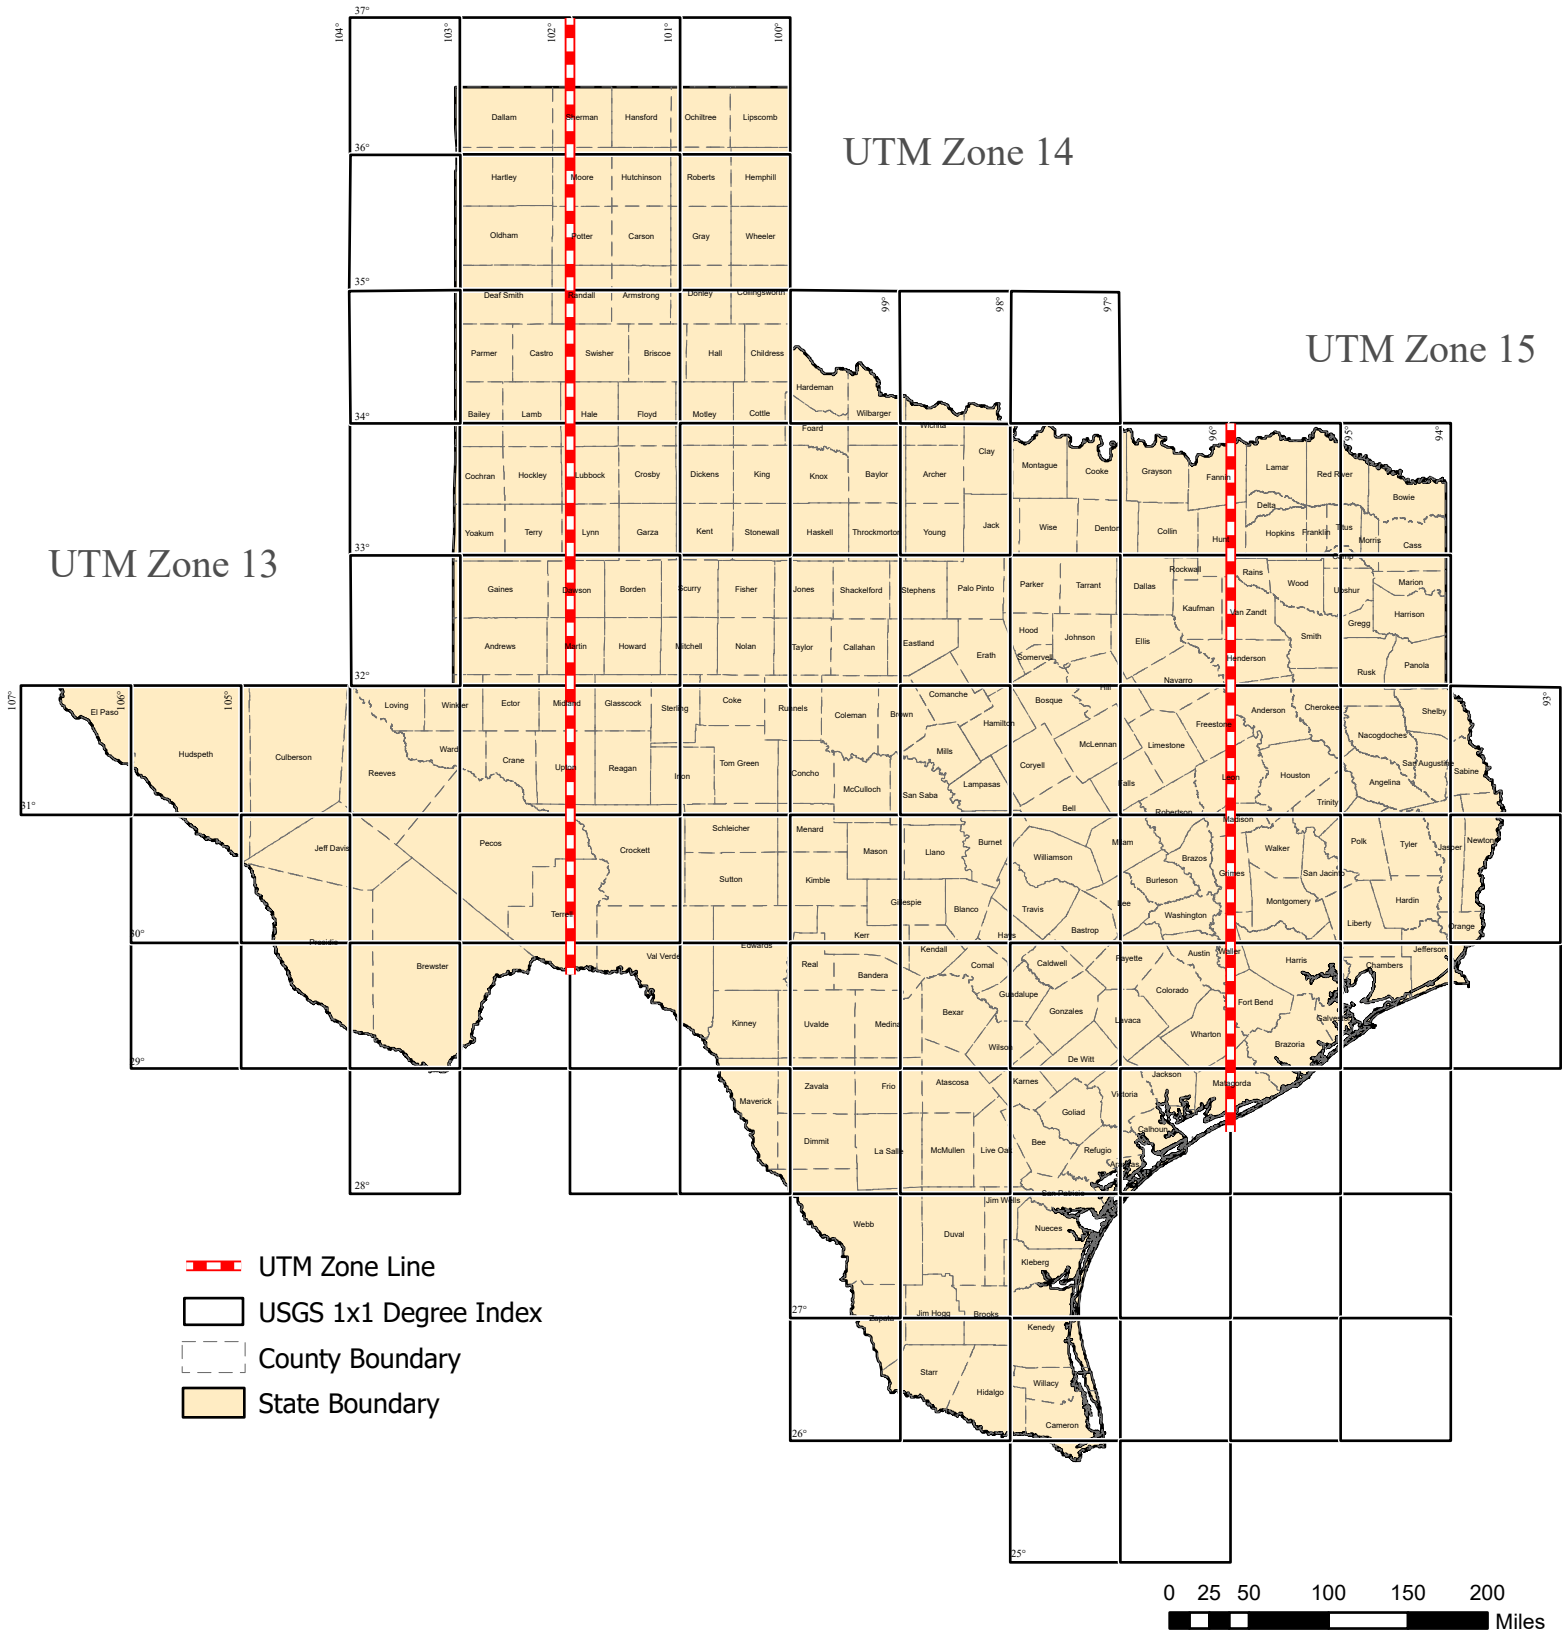
Texas UTM Grid

Protecting Texas by Reducing and Preventing Pollution



Texas Commission on Environmental Quality · GIS Section (Mail Code 197) · P.O.Box 13087 Austin, Texas 78711-3087

Date: January 9, 2026

This map was generated by the Information Resources Division of the Texas Commission on Environmental Quality. This product is for informational purposes and may not have been prepared for or be suitable for legal, engineering, or surveying purposes. It does not represent an on-the-ground survey and represents only the approximate relative location of property boundaries. For more information concerning this map, contact the Information Resource Division at (512) 239-0800.

Appendix A. Map Description

This appendix provides a detailed description of the Texas UTM Grid map. The map is a statewide map of Texas illustrating Universal Transverse Mercator (UTM) Zones 13, 14, and 15. Vertical red dashed lines indicate the boundaries between the UTM Zones.

A uniform grid overlay represents the USGS 1-by-1 degree map index covering the entire state. County boundaries are shown using dashed outline, and the Texas state boundary is emphasized. Labels identify each UTM Zone. The purpose of this map is to show the spatial relationship between UTM Zones, county boundaries, and the USGS map index within Texas.
