

## 40 CFR Part 60, Subpart J - Requirements Reference Tables

### Subpart J Standards

- [§60.102\(a\)\(1\)](#) PM requirements FCCU catalyst regenerators
- [§60.102\(a\)\(2\)](#) Opacity requirements for FCCU catalyst regenerators
- [§60.103\(a\)](#) CO requirements for FCCU catalyst regenerators
- [§60.104\(a\)\(1\)](#) H<sub>2</sub>S requirements for fuel gas combustion devices
- [§60.104\(a\)\(2\)\(i\)1](#) SO<sub>2</sub> requirements for Claus sulfur recovery plants with an oxidation control system
- [§60.104\(a\)\(2\)\(i\)2](#) SO<sub>2</sub> requirements for Claus sulfur recovery plants with a reduction control system followed by incineration
- [§60.104\(a\)\(2\)\(ii\)](#) SO<sub>2</sub> requirements for Claus sulfur recovery plants with a reduction control system not followed by incineration
- [§60.104\(b\)\(1\)](#) SO<sub>2</sub> requirements for FCCU catalyst regenerators with an add-on control device
- [§60.104\(b\)\(2\)](#) SO<sub>2</sub> requirements for FCCU catalyst regenerators without an add-on control device
- [§60.104\(b\)\(3\)](#) SO<sub>2</sub> requirements in terms of fresh feed sulfur content for FCCU catalyst regenerators

These relationship entry screens and flowcharts are for use by sources subject to the Texas Federal Operating Permits Program only and are subject to revision.
