

**Plain Language Summary for New Source Review (NSR) Renewal Amendment
Application for Air New Source Review Permit Number [#####]**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

[Company Name] (CN[#####]) has submitted an application for renewal of and amendment to permit number [#####]. The [Facility/Area Name] (RN[#####]) produces/manufactures [Principal Company Product/Business] at [address/proposed location], [City], [County] County.

This renewal will authorize the continued operation of [description of the facilities being renewed (each emission source does not need to be listed, but instead a summary of what the facilities are)]. The amendment will authorize [description of the modified facilities for the project (each emission source does not need to be listed, but instead a summary of what is the amendment is modifying or adding)]. [Company Name] has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the current amount allowed, the amount to be added or removed, and the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Permitted Emissions (tons per year)	Emissions Added/Deleted (tons per year)	Total Proposed Emissions (tons per year)

The facilities being renewed are controlled by [summary of the type of controls for the facilities being renewed; not a BACT discussion]. The new and/or modified facilities will be controlled by [summary of the proposed type of controls for the new and/or modified facilities for the project; not a BACT discussion].
