

**Plain Language Summary for Renewal of Concrete Batch Plant Standard Permit  
Application for Concrete Batch Plant Standard Permit Registration Number 105123**

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

Alleyton Resource Company, LLC (CN604538801) has submitted an application to renew two permanent concrete batch plants under the Air Quality Standard Permit for Concrete Batch Plants for registration number 105123. The concrete batch plants (RN105700322) are located at 225 Holmes Rd, Houston, Harris County.

This registration will authorize the concrete batch plants to have a sitewide maximum production rate of less than 300 cubic yards per hour of concrete and operate up to 8760 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and flyash. Roads will be paved and traffic areas will be watered to control dust. Dust from stockpiles will be minimized by watering. Enclosures and baghouses will be used to control cement and flyash dust.
