

Plain Language Summary for New Source Review (NSR) Amendment Application for Air New Source Review Permit Number 108281

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Tenaris (CN 604711333) has submitted an application for an amendment to permit number 108281. The Bay City site (RN 106606841) will produce/manufacture steel pipe at 7960 State Highway 35 W, Bay City, Matagorda County.

This amendment will authorize increased hours of operation, facility fuel usage, and facility paint usage. Tenaris Bay City, Inc. has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the current amount allowed, the amount to be added or removed, and the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Permitted Emissions (tons per year)	Emissions Added/Removed (tons per year)	Total Proposed Emissions (tons per year)
VOC	65.97	10.66	76.63
NOx	22.05	20.69	42.74

The new and/or modified facilities will be controlled by current pre-existing control technologies (selective catalytic reduction for NOx and oxidizer for VOC).
