

**Plain Language Summary for Renewal of Concrete Batch Plant Standard Permit
Application for Concrete Batch Plant Standard Permit Registration Number 115630**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

L & R Pre-Cast Concrete Works, Inc. CN600517817 has submitted an application to renew a permanent concrete batch plant under the Air Quality Standard Permit for Concrete Batch Plants for registration number 115630. The concrete batch plant RN 106879240 is located at 3807 North Bentsen Palm Drive, Mission, Hidalgo County.

This registration will authorize the concrete batch plant to have a maximum production rate of 20 cubic yards per hour of concrete and operate up to 1500 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and flyash. Roads and traffic areas will be controlled by watering them to control dust. Dust from stockpiles will be minimized by watering. Enclosures and baghouses will be used to control cement and flyash dust.
