

**Plain Language Summary for New Source Review (NSR) Renewal Amendment
Application for Air New Source Review Permit Number 118270**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Magellan Processing, L.P. (CN604541797) has submitted an application for renewal and amendment of permit number 118270. The Corpus Christi Splitter (RN102536836) is a condensate material processing facility at 1802 Poth Ln, Corpus Christi, Nueces County.

This renewal will authorize the continued operation of the Corpus Christi Splitter. The amendment will authorize minor changes to previous representations. Magellan Processing, L.P. has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the current amount allowed, the amount to be added or removed, and the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
VOC	181.28
PM	5.42
PM ₁₀	5.42
PM _{2.5}	5.42
NO _x	33.38
CO	77.57
SO ₂	13.37
NH ₃	4.35
H ₂ S	0.22

The facilities being renewed are controlled by proper equipment design and operation, routine monitoring, and control devices including a flare and vapor combustion units. The modified facilities will be controlled by proper equipment design and operation, routine monitoring, and control devices including vapor combustion units
