

Plain Language Summary for New Source Review (NSR) Renewal Certification Application for Air New Source Review Permit Number 119197

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Eagle Railcar Services-Wichita Falls, Texas, LLC (CN604557975) has submitted an application for renewal of permit number 119197. The Eagle Railcar Cleaning and Surface Coating Facility (RN107223562) applies surface coating and cleans railcars at 4501 Allendale Road, Wichita Falls, Wichita County.

This renewal will authorize the continued operation of equipment associated with maintenance of railcars, including railcar cleaning stations, abrasive blasting stations, coating booths, etc. There are no new or modified facilities associated with permit renewal. Eagle Railcar Services-Wichita Falls, Texas, LLC has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
VOC	89.42
CO	61.78
NO _x	46.89
PM	0.55
PM ₁₀	0.55
PM _{2.5}	0.55
SO ₂	0.05
Exempt Solvent	59.31
Inorganics	35.52

The paint booths contain air filters to reduce particulates, and the railcar cleaning is controlled by the flare, which will lower the emissions released into the atmosphere.
