

## Plain Language Summary for Air New Source Review Permit Renewal for Permit Number #124269

*The following summary is provided for this pending air permit renewal application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

Martin Marietta Texas Ready-Mix, LLC (CN606115699) has submitted an application for a permit renewal, Permit Number 124269. The Bulk Material Handling Facility (RN100670983) is located at 10610 Spangler Road, Dallas, TX 75234, Dallas County.

This permit will authorize the above-referenced facility a maximum total hourly throughput of 25 tons of fly ash per hour and a maximum amount of fly ash of 12,775 tons per year in any rolling 12-month period. The maximum operating hours will be 24 hours per day, 7 days per week, 52 weeks per year, and 8,760 total hours per year. Martin Marietta Texas Ready-Mix, LLC has listed in the renewal the pollutants and amounts that will be emitted from this facility. These emissions will remain unchanged from the initial application. Below is the total amount for each pollutant to be emitted each year for the facility.

Pollutant	Emission in Tons per Year
PM	0.0020
PM10	0.0007
PM2.5	0.0001

The bulk storage silo shall be equipped with a fabric filter baghouse and have visible and/or audible alarms to prevent overfilling. In-plant roads and active work areas that are associated with the operation of this facility shall be paved and swept or sprinkled with water to minimize dusting. Spillage of raw material shall be cleaned up on a daily basis.
