

**Plain Language Summary for Renewal of Concrete Batch Plant Standard Permit  
Application for Concrete Batch Plant Standard Permit Registration Number 131217**

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

AmeriTex Pipe & Products, LLC (CN 604263251) has submitted an application to renew the permanent concrete batch plants under the Air Quality Standard Permit for Concrete Batch Plants for registration number 131217. The concrete batch plants (RN 108184466) are located at 8489 Waukegan, Conroe, Montgomery County.

This registration will authorize the concrete batch plants to have a total maximum production rate of less than 130 cubic yards per hour of concrete and operate up to 8760 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and flyash. Roads are paved to control dust. Dust from stockpiles and traffic areas is minimized by watering. Enclosures and baghouses are used to control cement and flyash dust.
