

Plain Language Summary for Renewal of Concrete Batch Plant Standard Permit
Application for Concrete Batch Plant Standard Permit Registration Number 131671

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Heidelberg Materials Southwest LLC (CN605858687) has submitted an application to renew two (2) permanent concrete batch plants under the Air Quality Standard Permit for Concrete Batch Plants for registration number 131671. The concrete batch plants (RN104460795) are located at 16960 Katy Hockley Rd, Hockley TX, 77447, Harris County.

This registration will authorize the concrete batch plants to have a maximum production rate of 300 cubic yards per hour of concrete and operate up to 8760 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and flyash. Roads and traffic areas will be controlled by watering them and paved surfaces to control dust. Dust from stockpiles will be minimized by watering. Enclosures and baghouses will be used to control cement and flyash dust.
