Plain Language Summary for New Source Review (NSR) Renewal Application for Air New Source Review Permit Number 137165

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Del Zotto Products of Texas, Inc. (CN604159004) has submitted an application for renewal of permit number 137165. The Gladewater Precast Concrete Product Plant (RN107859456) manufactures precast concrete products at 5701 State Highway 135 North, Gladewater, Gregg County.

This renewal will authorize the continued operation of a precast concrete products plant, including five cement silos with baghouse dust collectors, volumetric concrete mixers, aggregate loading and handling equipment, hoppers, and covered aggregate stockpiles. Del Zotto Products of Texas, Inc. has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	**Proposed Emissions (tons per year)**
Particulate matter (PM)	< 3.85
Particulate matter (PM10)	< 1.69
Particulate matter (PM2.5)	< 0.52

The facilities being renewed continue to be controlled by individual baghouse dust collectors on each cement silo; indoor mixing and enclosed augers; covered aggregate stockpiles with 10-foot walls and water sprinklers; paved or controlled traffic areas; and watering of roads, work areas, and stockpiles as needed to minimize dust.
