

Plain Language Summary for Concrete Batch Plant Standard Permit
Application for Concrete Batch Plant Standard Permit Registration Number 137559L016

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 3. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Amrize South Central Inc. (CN603943606) has submitted an application to register a temporary concrete batch plant under the Air Quality Standard Permit for Concrete Batch Plants for registration number 137559L016. The concrete batch plant (RN109019018) will be located at the following directions: from IH-35 West South in Northlake, take exit 72 for Dale Earnhardt Way. Take your first right on Dale Earnhardt Way and continue for 0.65 mi. Turn right onto Harmonson Rd. and continue for 0.62 mi. Turn left and continue on Harmonson Rd. for 1.11 mi. Construction project and concrete batch plant will be on the right, Northlake, Denton County.

This registration will authorize the concrete batch plant to have a maximum production rate of 200 cubic yards per hour of concrete and operate up to 8760 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and flyash. Roads and traffic areas will be controlled by watering them to control dust. Dust from stockpiles will be minimized by watering. Enclosures and baghouses will be used to control cement and flyash dust.
