

**Plain Language Summary for New Source Review (NSR) Amendment
Application for Air New Source Review Permit Number 138221**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Polycoat Products LLC (CN603529637) has submitted an application for an amendment to the permit number 138221. Polycoat Products (RN100794270) is a coating manufacturing facility engaging in mixing, blending of various raw materials including solvents and powders to manufacture variety of coatings located at 2100 Reliance Parkway, Bedford, Tarrant County, Texas 76201.

This amendment will authorize the emissions from a new building on the premises where Polycoat intends to extend the coating operations. Polycoat Products has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the current amount allowed, the amount to be added or removed, and the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutants	Permitted Emissions (TPY)	Emissions Added/Removed (TPY)	Total Proposed Emissions (TPY)
PM	0.05	0.09	0.14
PM10	0.05	- 0.01	0.04
PM2.5	0.05	- 0.042	0.008
VOC	10.06	- 1.135	9.17

The manufacturing operations at the new facility will be controlled by permanent rigid tank covers and dust collectors.
