

**Plain Language Summary for Concrete Batch Plant Standard Permit
Application for Concrete Batch Plant Standard Permit Registration Number 166474**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Guadalupe Readymix, LLC (CN605932839) has submitted an application to amend Air Quality Standard Permit Registration Number 166474, which currently authorizes a concrete batch plant facility (RN111334793) located at 7795 Farm to Market Road 471 North San Antonio, Medina County, Texas 78253.

This amendment will authorize additional equipment at the subject facility consisting of an additional concrete batch plant as well as reduce the annual production limit to 650,000 cubic yards per year, with the facility continuing to have a maximum site-wide production rate of 300 cubic yards per hour of concrete and an operational schedule of up to 8,760 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and flyash. Roads and traffic areas will be controlled by watering them and paving them to control dust. Dust from stockpiles will be minimized by watering them. Enclosures and baghouses, including central baghouses, will be used to control cement and fly ash dust at the facility.
