

**Plain Language Summary for Concrete Batch Plant Standard Permit
Application for Concrete Batch Plant Standard Permit Registration Number 169230**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Texas Concrete Partners, L.P. (CN603123399) has submitted an application to register a specialty concrete batch plant under the Air Quality Standard Permit for Concrete Batch Plants for registration number 169230. The specialty concrete batch plant (RN111246468) is located at 1690 Mesquite Tree Road, Elm Mott, McLennan County.

This registration will authorize the specialty concrete batch plant to have a maximum production rate of less than 30 cubic yards per hour of concrete and operate up to 8,760 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and flyash. Roads, traffic areas, and stockpiles will be watered to control dust. Enclosures and baghouses will be used to control cement and flyash dust.
