

Plain Language Summary for New Source Review (NSR) Initial Application for Air New Source Review Permit Number [169543]

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

H.B. Fuller Construction Products Inc. (CN6030972662) has submitted an application for initial permit number TBD. The Specialty Construction Brands (RN100558634) will produce/manufacture adhesives, sealants, coatings, paints, and other specialty chemical products at 6107 Industrial Way, Houston, Harris County.

This permit will authorize mixers, storage silos, storage tanks, pipe fugitive components, and container filling operations. H.B. Fuller Construction Products Inc. has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
Volatile Organic Compounds (VOC)	23.04
Particulate Matter 10 µm and less (PM10)	0.22
Particulate Matter 2.5 µm and less (PM2.5)	0.03
Hazardous Air Pollutants (HAPs)	11.96
Exempt Solvents	35.49
Inorganic Compounds (IOC)	1.94

The new facilities will be controlled by fabric filter baghouses and industrial ventilation system designed to capture volatile emissions from the mixers and container filling.
