EXAMPLE A

NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR AN AIR QUALITY PERMIT

AIR QUALITY PERMIT NUMBERS: 16989 AND PSDTX794M1

APPLICATION AND PRELIMINARY DECISION. Motiva Enterprises LLC, PO Box 712, Port Arthur, TX 77641-0712, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Air Quality Permit 16989 and Prevention of Significant Deterioration (PSD) Air Quality Permit PSDTX794M1, which would authorize modification to the Port Arthur Chemicals at 4241 Savannah Ave, Port Arthur, Jefferson County, Texas 77640. **AVISO DE IDIOMA ALTERNATIVO.** El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/air/newsourcereview/airpermits-pendingpermit-apps>. This application was submitted to the TCEQ on June 21, 2023. The existing facility will emit the following air contaminants in a significant amount: organic compounds. In addition, the facility will emit the following air contaminants: carbon monoxide, hazardous air pollutants, nitrogen oxides, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less and sulfur dioxide.

The degree of PSD increment predicted to be consumed by the proposed facility and other increment-consuming sources in the area is as follows:

Nitrogen Dioxide

Maximum Averaging Time	Maximum Increment Consumed ($\mu\text{g}/\text{m}^3$)	Allowable Increment ($\mu\text{g}/\text{m}^3$)
Annual	0.0002	25

The executive director has determined that the emissions of air contaminants from the proposed facility which are subject to PSD review will not violate any state or federal air quality regulations and will not have any significant adverse impact on soils, vegetation, or visibility. All air contaminants have been evaluated, and "best available control technology" will be used for the control of these contaminants.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The permit application, executive director's preliminary decision, draft permit, and the executive director's preliminary determination summary and executive director's air quality analysis, will be available for viewing and copying at the TCEQ central office and the TCEQ Beaumont regional office, 3870 Eastex Freeway, Beaumont, Jefferson County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Beaumont Regional Office, 3870 Eastex Fwy, Beaumont, Texas.
