

Plain Language Summary for New Source Review (NSR) Initial Application for Air New Source Review Permit 170276

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

B Comm Constructors LLC has submitted an application for initial permit number 170276. The cement storage silo (RN111513503) will store and unload Portland cement at 1010 Creekview Drive, San Antonio, Bexar County.

This permit will authorize the operation of a cement storage silo. B Comm Constructors LLC has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Emissions (ton/yr)
Total PM	0.28
PM10	0.25
PM2.5	0.029
Total HAP	0.00009
Single HAP*	0.00004

*Single HAP with the greatest PTE is Manganese.

The new facilities will be controlled by a baghouse with a 99.94% control efficiency.
