

Plain Language Summary for New Source Review (NSR) Initial Application for Air New Source Review Permit Number 173411

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Univar Solutions USA Inc (CN600471346) has submitted an application for initial permit number 173411. The Univar Solutions Dallas Bekay (RN102890357) will produce/manufacture chemical blends and repackage chemicals for sale at 10889 Bekay St, Dallas, Dallas County.

This permit will authorize chemicals handled during current operation and associated storage and loading activities. Univar Solutions USA Inc has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
VOC	24.30
IOC	1.34
HAP	0.15
H ₂ SO ₄	0.08

The new facilities will be controlled by a scrubber and good operational practices.
