

**Plain Language Summary for a New Source Review (NSR) Initial
Application for Air New Source Review Permit Number 174770**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality (TCEQ) as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Huntsman Building Solutions USA LLC (Huntsman, CN605945351) has submitted an application for initial permit number 174770. The Arlington Facility (RN106221179) manufactures spray polyurethane foam and acrylic coating at 3315 E. Division Street, Arlington, Tarrant County.

This permit will authorize foam and acrylic coating manufacturing operations, including chemical blending, liquid and solid transfer, finished products packaging, disperser mixing, piping components, and blowing agent charging. Huntsman has listed in the application the pollutants and amounts emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all facilities under this NSR permit application.

Pollutant	Proposed Emissions (tons per year)
PM	0.02
PM ₁₀	<0.01
PM _{2.5}	<0.01
VOC	3.23
NH ₃	0.03
Exempt Solvents	192.48

The new and/or modified facilities will continue to meet TCEQ Best Available Control Technology (BACT).
