

Plain Language Summary for New Source Review (NSR) Initial Application for Air New Source Review Permit Number 174899

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Highway Transport Chemical, LLC (CN603375361) has submitted an application for initial permit number 174899. The Highway Transport facility (RN100864537) will operate a tank container cleaning facility at 520 South 16th Street, La Porte, Harris County.

This permit will authorize a wash rack comprised of five (5) covered wash bays and a flare. Highway Transport Chemical, LLC has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Total Amount Allowed (tons per year)
CO	27.11
NO _x	6.81
SO ₂	0.14
HCl	0.01
VOC	18.66
Exempt Solvent	7.46
IOC-U	0.15

The new facilities will be controlled by the flare during the cleaning process for those chemicals last transported that require control by the flare.
