

**Plain Language Summary for New Source Review (NSR) Initial  
Application for Air New Source Review Permit Number 174910**

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

US Pet Food LLC (CN605911064) has submitted an application for initial permit number 174910. The US Pet Food facility (RN111295507) will produce pet food at 230 State Loop 255, Pittsburg, Camp County, Texas 75686.

The facility currently operates under TCEQ Permit-By-Rule No. 165884. This permit will authorize the installation of a second production line that will increase total annual emission levels above those authorized by the PBR, thus requiring a NRS permit. US Pet Food LLC has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

<b>Pollutant</b>	<b>Proposed Emissions (tons per year)</b>
PM10	28.211
NOX	7.742
CO	6.503
VOC	0.426

The emissions from the new facilities will be controlled by bag filters and cyclones.
