

## **Plain Language Summary for New Source Review (NSR) Initial Application for Air New Source Review Permit Number 175366**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

CITGO Petroleum Corporation (CN600135461) has submitted an application for initial permit number 175366. The Luling Terminal (RN111793642) will store and load petroleum liquids at 5120 FM 2984, Luling, Caldwell County.

This permit will authorize storage and loading of petroleum products. CITGO Petroleum Corporation has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
VOC	15.41

The new facilities will be controlled by floating roofs and a vapor recovery unit.
