

Plain Language Summary for New Source Review (NSR) Initial Application for Air New Source Review Permit Number 175613

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Croell, Inc. (CN605948314) has submitted an application for initial permit number 175613. The Tolar Redi-Mix Plant (RN111934311) will produce/manufacture Ready Mix Concrete at 101 Electric Rd., Tolar, Hood County.

This permit will authorize [Construction and operation of a permanent truck-mix ready mix concrete facility]. [Croell, Inc.] has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
Fugitive Dust (as PM/PM10/PM2.5)	0.213
Cement Dust (as PM/PM10/PM2.5)	0.818
Combined PTE (Fugitive + Cement Dust)	1.031

*The new facilities will be controlled by **dust suppression on stockpiles and transfer points such as hoppers and conveyors, as well as a 6500 CFM fabric filter dust collection system performing at 99.9% removal efficiency for the given emissions constituents listed in the table above.***
