

**Plain Language Summary for New Source Review (NSR) Amendment Application for  
Air New Source Review Permit Number 17578**

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federally enforceable representations of the permit application.*

Eastman Chemical Company (CN601214406) has submitted an application for an amendment to permit number 17578. The Process Water Unit (RN100219815) at 300 Kodak Blvd, Longview, TX, Harrison County.

<b>Pollutant</b>	<b>Permitted Emissions (tons per year)</b>	<b>Emissions Added/Removed (tons per year)</b>	<b>Total Proposed Emissions (tons per year)</b>
Organic Compounds (VOC)	0.7461	0.3557	0.3904

This amendment will update the emission calculations for the analyzers used at this plant. Eastman has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the current amount allowed, the amount to be added or removed, and the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

The modified facilities will be controlled by repair (LDAR) programs and a Flare.
