

Plain Language Summary for New Source Review (NSR) Initial Application for Air New Source Review Permit Number 176672

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Mid America Pet Food, LLC (CN604567891) has submitted an application for initial permit number 176672. The Mid America Pet Food facility (RN104492517) will produce pet food at 2024 North Frontage Road, Mt. Pleasant, TX 75455.

The facility currently operates under TCEQ Permit-By-Rule No. 74652. This permit will authorize the installation of second and third production lines that will increase total annual emission levels above those authorized by the PBR, thus requiring a NRS permit. Mid America Pet Food LLC has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

| Pollutant | Proposed Emissions (tons per year) |
|-----------|------------------------------------|
| PM | 47.94 |
| PM10 | 26.42 |
| PM2.5 | 13.38 |
| SO2 | 0 |
| NOX | 6.739 |
| CO | 5.661 |
| VOC | .371 |

The emissions from the facilities will be controlled by BACT bag filters and cyclones.
