

**Plain Language Summary for New Source Review (NSR) Renewal Certification
Application for Air New Source Review Permit Number 17923**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Modern Welding Company of Texas, Inc. (CN600123954) has submitted an application for renewal of permit number 17923. The Modern Welding Rhome Facility (RN100209352) produces/manufactures coated storage tanks at 200 North Main Street, Rhome, Wise County.

This renewal will authorize the continued operation of the fiberglass coating and painting facilities. Modern Welding Company of Texas, Inc. has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
Acetone	0.99
PM	0.16
Styrene	9.89
VOC	4.22

The facilities being renewed continue to be controlled by relatively low-emitting spray equipment, relatively low VOC content surface coatings, primarily enclosed spray areas, and relatively efficient filtration equipment.
