

**Plain Language Summary for Concrete Batch Plant Standard Permit
Application for Concrete Batch Plant Standard Permit Registration Number
(180642L001)**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Smyrna Ready Mix Concrete, LLC (CN605629245) has submitted an application to register two temporary concrete batch plants under the Air Quality Standard Permit for Concrete Batch Plants for registration number (180642L001). The two concrete batch plants (RN112237672) will be located from the intersection of CR 134 and CR 133, travel 0.5 mi S on CR 134 to site entrance on W side of CR 134 near Rosebud, Milam County.

This registration will authorize two concrete batch plants to have a maximum production rate of less than 300 cubic yards per hour of concrete and operate up to 8,760 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and flyash. Roads, traffic areas, and stockpiles will be watered to control dust. Enclosures and baghouses will be used to control cement and flyash dust.
