

**Plain Language Summary for New Source Review (NSR) Renewal
Application for Air New Source Review Permit Number 18105**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

INV Polypropylene, LLC (INV) (CN603776725) has submitted an application for renewal of permit number 18105. The Longview Facility/Polypropylene Plant (RN101618759) is a polypropylene manufacturing plant near Longview, Harrison County, Texas.

This renewal will authorize the continued operation of the Longview Facility/Polypropylene Plant. Various Permits by Rule (PBR) are being consolidated by incorporation into the permit. INV has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
VOC	172.17
PM	39.72
PM10	39.72
PM2.5	34.74
NOx	14.51
CO	120.73
SO2	0.18
Pb	0.00
Acetone	9.15

The facilities being renewed continue to be controlled by flares and bag filter/baghouses.
