

**Plain Language Summary for New Source Review (NSR) Initial
Application for Air New Source Review Permit Number TBD**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Saronic Technologies, Inc. (CN606279594) has submitted an application for initial permit number TBD. The Eastside Commerce (RN111605564) will produce/manufacture maritime surface vessels at 1312 Dalton Lane, Austin, Travis County.

This permit will authorize the production of surface vessels by use of gelcoat and resin spray application and curing, resin based adhesive use, cutting and drilling, and resin injection. Saronic Technologies, Inc. has listed in its application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
VOCs	50.12
HAPs	43.85
PM	0.001
PM _{2.5}	0.001
PM ₁₀	0.001

The new facilities will be controlled by proper ventilation design, high efficiency spray application equipment, and the use of dry filters for particulate matter.
