

**Plain Language Summary for Concrete Batch Plant Standard Permit
Application for Concrete Batch Plant Standard Permit Registration Number
182012L002**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 3. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Thomas Redi-Mix Company, Inc. (CN602602500) has submitted an application to register a temporary concrete batch plant under the Air Quality Standard Permit for Concrete Batch Plants for registration number 182012L001. The concrete batch plant (RN112311253) will be located from the intersection of US Highway 60 and FM 683, travel north on FM 683 to the secondary construction site entrance. From Turkey, travel south on state highway 70 approx. 4.0 miles, from the intersection of State Highway 70 and County Road CC travel east on County Rd. CC for approx. 0.3 mile. Concrete batch plant site is located approx. 500 ft North of County Rd. CC; near Turkey, Hall County.

This registration will authorize the concrete batch plant to have a maximum production rate of 200 cubic yards per hour of concrete and operate up to 5096 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and flyash. Roads and traffic areas will be controlled by watering them to control dust. Dust from stockpiles will be minimized by watering. Enclosures and baghouses will be used to control cement and flyash dust.
