

## **Plain Language Summary for Concrete Batch Plant Standard Permit**

Permian Basin Materials, LLC. (CN604874677) has submitted an application to register a temporary concrete batch plant under the Air Quality Standard Permit for Concrete Batch Plants for registration number 183550L001. The concrete batch plant (RN112421250) will be located at 700 FM 516 S, Barstow, Ward County.

This registration will authorize the concrete batch plant to have a maximum production rate of 300 cubic yards per hour and operate up to 4,368 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and flyash. Water sprays will be used for dust control. Enclosures and baghouses will be used to control cement and flyash dust.
