

**Plain Language Summary for New Source Review (NSR) Renewal Certification
Application for Air New Source Review Permit Number 19049**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Viron International Corporation (CN600131411) has submitted an application for renewal of permit number 19049. The Viron International Fiberglass Spray Facility (RN100223254) produces/manufactures fiberglass and plastic parts at 3100 Lucius McCelvey Drive, Temple, Bell County, Texas.

This renewal will authorize the continued operation of fiberglass products manufacturing. Viron International Corporation has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
VOC	47.68
Exempt Solvent (Acetone)	10
PM	21.20

The facilities being renewed continue to be controlled by surface coating withing an enclosure that filters overspray.
