

**Plain Language Summary for New Source Review (NSR) Renewal Certification
Application for Air New Source Review Permit Number [S-19193]**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

O & D manufacturing (CN 600383129) has submitted an application for renewal of permit number S-19193. The brass and bronze foundry and precision machine shop (RN 100675586) produces copper and bronze alloy castings, bushings, bearings, and custom made bronze finished machine parts, at 1103 Cherokee Trace, White Oak, Gregg County.

This renewal will authorize the continued operation of brass and bronze foundry, castings, and machine shop. O & D Manufacturing has certified there will be no changes to the permit. The following emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
PM	1.03
PM 10	1.03
Ni	0.03
Pb	<0.01

The facilities being renewed continue to be controlled by a fabric filter baghouse.
