

**Plain Language Summary for New Source Review (NSR) Renewal Certification
Application for Air New Source Review Permit Number 19203**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

ETP Crude LLC., (CN604106922) has submitted an application for renewal of permit number 19203. The Texoma Station (RN102561909) stores crude oil being transported by pipeline and is located East of State Highway 42 continue East on Farm-to-Market 2206 to Cox Dairy Road, continue on Cox Dairy Road and take a right on PR 2161 to the Old Texoma Pipeline Farm, Longview, Gregg County.

This renewal will authorize the continued operation of crude oil storage tanks and fugitive emissions. ETP Crude LLC., has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutants	Total Amount Allowed (Tons Per Year)
VOC	26.21
HAP	1.21
H ₂ S	0.75

The facilities being renewed continue to be controlled by proper operation of the tank roof system and routine maintenance practices.
