

Plain Language Summary for New Source Review (NSR) Renewal Certification Application for Air New Source Review Permit Number 19348

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Isomedix Operations, Inc. (CN602583742) has submitted an application for renewal of permit number 19348. The Isomedix Operations, Inc. facility (RN100810928) conducts ethylene oxide contract sterilization at 1435 Isomedix Place, El Paso, El Paso County, Texas, 79936.

This renewal will authorize the continued operation of its ethylene oxide sterilization facility. Isomedix Operations, Inc. has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
Ethylene Oxide	1.08
Volatile Organic Compounds	0.67
Nitrogen Oxides	6.62
Sulfur Dioxide	0.08
Carbon Monoxide	10.19
Particulate Matter	1.88

The facilities being renewed continue to be controlled by air pollution control devices including wet scrubbers, catalytic oxidizers, and dry bed scrubbers.
